

# Sameh Bilal

## Senior Full-Stack Developer (Backend-Focused)

Cairo, Egypt | Open to Remote | +20 106 444 4286 | sameh.bilal@outlook.com

---

### PROFESSIONAL SUMMARY

Senior Full-Stack Developer with 7+ years of experience building scalable, high-traffic web applications for media platforms, startups, and enterprise clients. Strong expertise in Laravel, PHP, MySQL, PostgreSQL, and modern frontend frameworks (Vue.js, React). Proven track record in designing CMS platforms, APIs, and business-critical systems using clean architecture and best practices.

**Clients & Platforms:** Nvidia, Tencent, EA, Lenovo, Riot Games, Ubisoft, Arabhardware, Arabiatalents.

---

### PROFESSIONAL EXPERIENCE

SENIOR FULL-STACK DEVELOPER

**ESME | Remote**

*Jan 2024 – Present*

- Leading backend and full-stack development of the Arabiatalents platform
- Architected a scalable Laravel & MySQL backend, defining core system architecture
- Built secure admin dashboards, content workflows, and REST APIs
- Owned code quality, performance, and maintainability using clean architecture
- Worked closely with product owners and designers in a remote environment

SENIOR BACK-END DEVELOPER

**Arabhardware | Hybrid**

*Nov 2021 – Present*

- Core backend contributor for a high-traffic media ecosystem
- Designed content validation and moderation algorithms
- Developed CMS features, APIs, and internal tools used across teams
- Owned critical backend services, ensuring stability and scalability
- Collaborated with cross-functional teams on business and event platforms

BACK-END DEVELOPER

**Oncreation | Onsite**

*Jun 2019 – Nov 2021*

- Built multiple production systems from scratch (LMS, POS, e-commerce, booking)
- Owned backend architecture, database design, and APIs
- Worked across the full SDLC with cross-functional teams

JUNIOR FULL-STACK DEVELOPER

**Haystack Egypt | Onsite**

*Jan 2019 – Jun 2019*

- Developed websites and internal systems from scratch
  - Contributed across backend and frontend development
-
